President's Message

Marilee Wood

AAUW's female founders determined to take a stand for equity and equality in the extreme patriarchal society of their time. Their unwavering commitment to advocate for and educate women and girls remains steadfast in our fractured and divided world. February 14th, Valentine's Day, brings to mind the LOVE and COMMIT-

MENT we continue through our AAUW Alhambra-San Ga-

bril Branch Scholarship at East Los Angeles College (ELAC). It financially sponsors young students pursuing STEM careers who will transfer to a 4-year institution.

Thank you to our members who have already contributed. This continues our long-standing STEM commitment through Tech Trek, a program our Branch has embraced for 27 years and continuing.

Send your LOVE and COMMITMENT to support STEM education! Donate to our Branch Scholarship at ELAC. This is open only to Local High School Grads.

**Please donate to the
Alhambra-San Gabriel
ELAC STEM Scholarship Fund.**

East Los Angeles College Foundation is an independent 501(c)(3) non-profit organization and is dedicated to the philanthropic support of the East Los Angeles College Communities and our student's success.

AAUW CA ELECTIONS

Our AAUW California President, Charlene Goehring, only has six months left as President. She states that this rewarding time has gone quickly. She is reaching out to you to consider running for the State Board, because we need passionate, energetic people with ideas to help our branches fulfill AAUW's mission and vision. There are six openings on the State Board for the 2026 election: 1 Board Secretary, 4 two-year Directors, and 1 one-year Director. The nomination deadline is March 14th, and the election will be from April 18th to May 8th. Candidates for the 2026 election are now listed in order of receipt of their nomination forms. This is also the order they will be listed on the ballot. Check NOMINATIONS AND ELECTIONS in the January 2026 Board to Board newsletter.

Membership Corner

Members,

The Alhambra-San Gabriel Branch AAUW Board of Directors voted to propose to our members a **\$4 increase** in branch dues (from \$21 to \$25) to go into effect for the 2026-2027 year. As program venue and honorarium costs have increased, branch dues haven't kept pace. It has been over 5 years since the branch dues were last raised. The membership vote on this proposal will be held at the April Annual Meeting along with the election of new officers. Only those present will be able to vote, so make sure to mark your calendars now for April 13th!

Mission Gateway

Articles relating to AAUW's mission or Branch activities are gladly accepted. Material for the *Mission Gateway* must be received no later than the 15th of the month prior to the intended month of publication.

AAUW Fund

AAUW Fund Trivia for February: Did you know that AAUW awarded Geneticist Barbara McClintock the AAUW Achievement Award in 1947? She went on to win a Nobel Prize in 1983. The Fund has a great history. You, too, can contribute to that history by buying tickets for the next Gourmet Gala drawing. The cost is minimal - \$10 for one ticket, \$25 for three. Tickets are available at all branch activities as well as by contacting Kathleen Doty directly. Get yours before the drawing at our branch annual meeting on April 13th and know you are supporting future greatness!

Public Policy

As the California legislative session gets underway, the AAUW CA Public Policy Committee will be evaluating bills submitted for their relevance to our Public Policy Priorities. Stay tuned for information on legislation we will support as well as legislation we will oppose.

By the way, as I will be President next year, we are looking for a Public Policy Chair to replace me. Think about volunteering.

Liz

Gourmet Gala with Kathleen and Her Sister

Let us prepare a semi-formal dinner for you and three of your friends at Kathleen's home in Alhambra on May 9th (or as arranged). Raffle tickets are \$10 each – 3 for \$25. Please make checks payable to "AAUW Fund." Contact Kathleen at: Kathleen Doty, 1224 S. 4th St., Alhambra, CA 91801 or 626-284-0763 or dotyk@sbcglobal.net. All money and ticket stubs must be returned by the drawing on **April 18, 2026**. Ticket holders do not need to be present at the drawing to win. One hundred percent of ticket proceeds will be donated to AAUW Fund to help complete unfinished AAUW California endowments.

Risk Averse?

We also will prepare a semi-formal dinner for you and three of your friends if you donate \$500 or more to AAUW Fund through Gourmet Gala with Kathleen and her sister.

Tech Trek Update

February, 2026

Tech Trek is moving forward – We have sent the recruitment information to our schools. The deadline for schools to submit two names is mid-February and then our committees will begin the interview process.

Thought you might like to see what the writing prompts are this year:

In 400-500 words, respond to one of the following two prompts below. There are no right or wrong answers. We want to hear your unique voice to understand what inspires you and how you see STEM connecting to your future.

Tips:

- *Be sure your essay meets the length requirement of 400-500 words.*
- *The people reviewing your essay expect to read work produced by YOU, not by artificial intelligence.*

PROMPT OPTIONS

Prompt 1:

Think about a problem you notice in your school, neighborhood, family, or the world. Write an essay describing:

- ***What the problem is and where you see it in everyday life.***
- ***Why it matters to you personally—a moment or experience that made you care.***
- ***How you imagine science, technology, engineering, or math being part of a solution.***
- ***How Tech Trek could help you learn more about the skills or fields connected to solving this problem.***

Prompt 2:

Tell the story of your interest in STEM by including:

- ***A moment, activity, class, or person that sparked your curiosity.***
- ***What you discovered, enjoyed, or found challenging as you explored STEM.***
- ***How you engage with STEM now—through school, hobbies, clubs, making, building, music/technology, sports science, or everyday problem-solving.***
- ***What you hope to learn or do at Tech Trek and how attending camp might support your goals or build your confidence.***

They will then select their prompt and paste or write in their response.

The application process is all completed on CampDocs. The writing prompts are from TT California.

Both TT South and North have received an additional donation and we are so excited that we will be able to send more girls this year. This is a generous donation from the Eastside Optimist Club. They have closed their organization and divided the remaining money between TT South and TT North.

TT South is hoping to recruit a total of 15 girls: One each from the 7 Montebello schools and 4 from the Alhambra schools. TT North is hoping to recruit 6 girls, 3 to UC San Diego and 3 to UC Santa Barbara. TT North recruits girls from the Alhambra schools north of the San Bernardino freeway and San Gabriel schools.

Jane Krause, TT South Coordinator

Rozanne Child, TT North Coordinator

TTAG

Alhambra-San Gabriel TTAG (Tech Trek Alumnae Group) was awarded a \$500 Micro funding Grant from TTAP AAUW in January. We are so excited about the grant. It will help us implement the activities we have planned. More information to come in the next issue of Mission Gateway.

Welcome to *Share Your Stories!*

This monthly column is a space for *you* — our members — to share personal stories and the lessons learned along the way. Inspired by the AAUW's statewide and national mission to champion **diversity, equity, and inclusion (DEI)**, our goal is to bring those values to life through real experiences and reflections.

While DEI covers many important areas — including race, religion, gender, health, and more — our branch is focusing on three key themes: women's health, ageism/disability, and race.

We believe that by sharing authentic experiences, we not only raise awareness but also deepen our empathy and sense of community. Every story is a step toward building a more inclusive future.

Have something to share? We'd love to hear from you!

Email your story to **JaniceLee88@gmail.com** and include:

- ✓ A brief summary of the experience
- ✓ Any action you took at the time
- ✓ What you might do differently today

Let's learn from one another — one story at a time.

The First Time by Janice Lee

It was my first day of kindergarten. When I walked into the classroom, my teacher asked me to choose any seat in the circle. I spotted a little red-headed boy with freckles and sat down beside him. Almost immediately, he stood up and moved away.

At the time, I only knew I felt rejected. I didn't understand why—until later that day on the playground. Surrounded by older kids, I heard a chant: "*chink, chink, Chinaman,*" followed by exaggerated faces and slanted eyes. I was the only Chinese girl in the school, and there was no question who it was meant for. I was embarrassed and I just wanted to hide.

I was born in Pittsburgh, Pennsylvania, where there were only a handful of Asian families in the 1950s. That night, I tearfully told my parents about my first day of school. They listened, then reminded me of something that would stay with me forever: *Be proud of who you are. Hold your head high. People learn both kindness and cruelty—often from home,*

Even now, after living in places like New York and California where diversity is far more visible, I remain self-conscious about being singled out. Some early wounds don't fully disappear. But what *has* changed is my response. My head stays high. And I will stand up—verbally and physically—against anyone who diminishes any minority individual or group.

Lesson learned:

The first time teaches you who the world can be—but it also teaches you who *you* choose to become.

Drama

Drama readers will gather February 9th to read Defying Gravity by Jane Anderson (3m/4f). Contact Kathleen Doty for more information.

This free structured look at the 1986 Challenger disaster places the teacher who died with six others as they hurtled into space at the center of an exploration of our need to reach beyond ourselves and dare the universe. Defying Gravity artfully interweaves the past with the present and the lives of participants and bystanders, drawing parallels among painter Claude Monet's artistic quest, the zest of the teacher selected to the first civilian astronaut, the perspectives of her grieving daughter, the aspirations of elderly tourists who drive their Winnebago to Florida to watch the space shot and dream of hotels in space, the guilt felt by a NASA mechanic and his girlfriend's fear of heights.

BOOKS

Day Books will meet February 16th to review Buckeye by Patrick Ryan *and* A Different Kind of Power by Jacinda Adern. Time is 4:30 p.m. and location is Janice Lee's home. Contact Kathleen Doty for more information.

In Bonhomie, Ohio, a stolen moment of passion, sparked in the exuberant aftermath of the Allied victory in Europe, binds Cal Jenkins, a man wounded not in war but by his inability to serve in it, to Margaret Salt, a woman trying to obscure her past. Cal's wife, Becky, has a spiritual gift: She is a seer who can conjure the dead, helping families connect with those they've lost. Margaret's husband, Felix, is serving on a Navy cargo ship, out of harm's way—until a telegram suggests that the unthinkable might have happened.

Later, as the country reconstructs in the postwar boom, a secret grows in Bonhomie—but nothing stays buried forever in a small town. Against the backdrop of some of the most transformative decades in modern America, the consequences of that long-ago encounter ripple through the next generation of both families, compelling them to reexamine who they thought they were and what the future might hold.

From the former prime minister of New Zealand, then the world's youngest female head of government and just the second to give birth in office, comes a deeply personal memoir chronicling her extraordinary rise and offering inspiration to a new generation of leaders.

What if we could redefine leadership? What if kindness came first? Jacinda Ardern grew up the daughter

of a police officer in small-town New Zealand, but as the 40th Prime Minister of her country, she commanded global respect for her empathetic leadership that put people first. This is the remarkable story of how a Mormon girl plagued by self-doubt made political history and changed our assumptions of what a global leader can be.

When Jacinda Ardern became Prime Minister at age thirty-seven, the world took notice. But it was her compassionate yet powerful response to the 2019 Christchurch mosque attacks, resulting in swift and sweeping gun control laws, that demonstrated her remarkable leadership. She guided her country through unprecedented challenges—a volcanic eruption, a major biosecurity breach, and a global pandemic—while advancing visionary new policies to address climate change, reduce child poverty, and secure historic international trade deals. She did all this while juggling first-time motherhood in the public eye.

Ardern exemplifies a new kind of leadership—proving that leaders can be caring, empathetic, and effective. She has become a global icon, and now she is ready to share her story, from the struggles to the surprises, including for the first time the full details of her decision to step down during her sixth year as Prime Minister.

Through her personal experiences and reflections, Jacinda is a model for anyone who has ever doubted themselves, or has aspired to lead with compassion, conviction, and courage. A Different Kind of Power is more than a political memoir; it's an insight into how it feels to lead, ultimately asking: What if you, too, are capable of more than you ever imagined?

Evening Books has merged with day books and meets with them on third Mondays at 4:30 pm, reading the same books. Contact Deanna Arthur for more information.
